

ELIZABETH A. JAHN

ATTORNEY | BERDING & WEIL LLP
ejahn@berdingweil.com

Elizabeth Jahn is an Attorney with Berding & Weil's litigation team with over 38 years of experience in complex construction defect litigation as a civil litigation paralegal. Her capabilities benefit our common interest, single family and commercial real estate clients in California, Hawaii and Arizona. Elizabeth plays an integral role in all aspects of case management, works closely with counsel, experts, community managers, board members, and homeowners throughout the investigation and litigation process to ensure the best possible experience and result for our clients. She has spent the past 31 of her 38 years in the industry here at Berding & Weil, committed in helping our clients to achieve the best results possible.

PROFESSIONAL HISTORY

Elizabeth has assisted with a broad range of construction defect cases that have resulted in over \$100,000,000 in recoveries. She has managed the investigative process for defects ranging from water intrusion issues to soils issues, product failures and design deficiencies and more. She has worked with new construction, property conversions, low, mid, and high rise buildings, renovations, commercial and single family homes throughout Northern and Southern California, Hawaii and now Arizona.

EDUCATIONAL HISTORY

Elizabeth received her Bachelor of Science degree from San Jose State University and her Paralegal Certificate from Santa Clara University, and her Juris Doctorate from JFK School of Law at NU.
